LARA CON AU 2023 SPONSORSHIP OPPORTUNITIES

In 2018, Laracon was hosted in Australia for the very first time, seeing over 200 developers at the forefront of their field in attendance, joining annual events in the US and EU that attract over 2000 developers each year.

After a four-year hiatus due to COVID, our community is once again ready to come together for another two days of learning and sharing about the Laravel PHP Framework.

Sponsoring Laracon is the premiere way to get your brand in front of the entire Laravel audience. Laracon gathers developers and companies who are passionate about building amazing applications with the Laravel PHP framework.

The Laravel PHP framework is a leading PHP framework—the most popular PHP project on GitHub, and boasts a Twitter following of 150,000 developers.
